REGIONAL ASSOCIATIONS (RAs)

Coordinate and organize the planning, implementation and evaluation of agreed programmes, strategies and activities at the regional and subregional levels.

Contribute to the WMO Strategic and Operating Plans to address regional priorities and ensure the best use of Members' expertise.

Establish regional networks and facilities in close coordination with the technical commissions.

Advocate for investment in systems and services at Regional and National levels.

Raise visibility and engage stakeholders in initiatives and projects related to the strategic priorities and identify impediments to the timely implementation of planned programmes and activities.

Build and promote regional partnerships.

REGIONAL IMPLEMENTATION OF WMO SERVICE BACKBONE
